Dear WYBC,

We would like to thank you for helping us establish Conn Tact. It was a most enjoyable and uniquely rewarding experience. We're very much looking forward to your radio debut in New London... could we suggest some possible dates---Friday March 6th or March 20th?

By the way, is there any possibility that you could send us copies of the photographs (or the negatives) that were taken last Friday? We would like to incorporate them in our radio publicity campaign.

Conn-stantly yours,
